Did you know that Los Cabos, located on the Baja California Peninsula in northwestern Mexico, is known as a dual destination? Los Cabos is famous for combining the authentic Spanish-colonial Mexican charm of quiet San Jose with the modern and glamorous hotels, restaurants, and nightlife of San Lucas.

Los Cabos is also famous for its magnificent and diverse beaches. The ocean, the desert, and the mountains meet in this photo from **Secrets Marquis Los Cabos**, a fabulous Rainforest Alliance Verified hotel located in San José del Cabo.
